

EXHIBITION TECHNICAL REGULATIONS

1) PRELIMINARY NOTE

In this text the term “BolognaFiere” will be used to signify Fiere Internazionali di Bologna S.p.A. and SEI Srl “Organizer”

2) SPECIAL REGULATIONS

2.A - Dates, time and venue of the Exhibition

The Exhibition will be held from 1st to 3rd March 2019 in the Bologna Exhibition centre with the following opening time:

Friday 1st March from 9.30 am till 7pm

Saturday 2nd March from 9.30 am till 8pm

Sunday 3rd March from 9.30 am till 7pm

Exhibitors may enter the exhibition halls:

1st March from 8.00 am

2nd and 3rd March from 9.00

2.B - Availability of stands: hand-over

Unfurnished areas will be available to Exhibitors from 26th February 2019 at 8.00 am and will have to be completed within 6 pm of 27th February.

Exhibitors shall ensure that the chosen stand furnisher undertakes to respect the above mentioned deadline by including a completion clause in the contract.

2.C - Access to the Exhibition Centre during the stand furnishing period

Exhibitors may enter the Bologna Exhibition Centre only if their personal data has been registered on the website www.gate.bolognafiere.it . Exhibitors and their fitters/suppliers who do not register on this site and do not print the entrance pass will not be authorised to enter the Exhibition Centre during the exhibition set-up and knock-down periods.

Each Exhibitor will be sent (to the email address specified in the application form for the exhibition) a password to access his reserved area on the site, in which he must enter the information regarding his company's personnel and vehicles in order to print his entrance passes. The process also requires the Exhibitor to perform the Work Assignment procedure with regard to his fitters and suppliers. The Work Assignment procedure will allow these companies to receive a password so that they may register their employees and vehicles in their reserved area, and print their entrance passes.

Suppliers/carriers entering the Exhibition Centre to deliver materials on behalf of Exhibitors must also be in possession of the Packing List bearing the identifying data of the Exhibitor receiving such materials (Exhibitor's name, hall, stand).

Suppliers who present a Packing List without such data will be denied entrance to the Exhibition Centre.

As required by current laws regarding health and safety at the workplace, the Exhibitor (customer), in relation to the works to be assigned, is responsible for verifying possession of the technical-professional requisites of all main contractors, of all subcontractors, and of all self-employed individuals that will work for the Exhibitor in the Exhibition Centre.

During the stand furnishing period persons and vehicles may enter the Exhibition Centre at the following times:

26 – 27 - 28 February from 8am till 6pm

Stand fitters already inside the Exhibition Centre may continue to work until 7.00 p.m

On 28th February 2019, the day before the beginning of the Exhibition, from 8.00 a.m. to 6.00 p.m. the setting up of the booths will have to be already carried out; therefore only sampling operations, graphics arrangements, or other similar activities exclusively using manual tools, will be allowed.

Access to the exhibition halls is strictly forbidden to all kinds of NON-ELECTRIC vehicles.

In order to allow smooth operation during the mounting phase of the trade fair, exhibiting companies are requested to provide the technical data relating to particular large and/or heavy goods (that require the use of particular means of handling like crane truck) which they intend to exhibit inside the stand.

Waiting in the vicinity of the exhibition halls must be limited to the time strictly required to load and unload goods and equipment. Vehicles not used for these operations must be parked in the designated areas.

In particular unloading and temporarily storing containers or detachable parts of non self-moving vehicles are not allowed.

In accordance with work safety legislation, BolognaFiere S.p.A. and Organizer may establish specific criteria for admission to the exhibition centre during the stand set-up work and may restrict vehicle access and/or establish charges in the event vehicles are parked outside the spaces or for longer than the timeframes established by Organizer.

In particular, if cars or other vehicles remain in the exhibition centre for more than two hours, the exhibitor whose password has been used to accredit the vehicle will be charged a sum of € 500.00 plus VAT.

It is furthermore prohibited to leave any kind of vehicle inside the Exhibition Centre during closing times.

Should this occur, Bolognafiere S.p.A. will provide for the forced removal of the vehicle itself outside the Fairground at the owner's own risk and expenses.

For safety reasons, Exhibitors and fitters working on their behalf are not allowed to use their own forklifts, mobile cranes, aerial platforms etc. inside the Exhibition

Centre; For this particular need, they must contact BolognaFiere, to ensure strict compliance with safety regulations.

The above mentioned rules do not apply to

vehicles equipped with on-board crane arm, which may be used inside the halls only if equipped with appropriate pipes discharging motor exhaust outside the Halls.

In special cases, exceptions (adequately grounded) may be requested to BolognaFiere S.p.A. "Operation Division", subject to the delivery of the certificate of suitability for the vehicle to be used as well as of the Operators. In case of authorization, the requesting party will be charged an amount to cover administrative and control costs for the management of such authorizations.

For terms and conditions, see the form "Authorization request for the use of lifting equipment" to be signed when the authorization is issued.

If any lifting equipment is brought in and used without prior authorization, BolognaFiere S.p.A. will immediately stop the equipment and order its removal from the Exhibition Centre at the owner's risk and his/her own expenditures.

2.D – Removal of exhibition samples

Exhibition samples may be removed from the Exhibition Centre at the following times:

Sunday 3rd March from 7pm till 8pm (till 10pm only for removal of exhibited products by trolleys)

Monday 4th March and Tuesday 5th from 8am till 6pm (only for riggers till 7pm)

Vehicle access to the outdoor areas and halls will be governed by the provisions covering stand furnishing (see art. 2.C).

Clearance of all stands, regardless of their location, must be completed by 7.00 p.m. on 6th March 2019

In default, this will be done by BolognaFiere S.p.A. and the Exhibitor will be required to reimburse all direct and indirect costs incurred for removal (The sum is actually of € 300.00 for each surface of 16sqm and subject to any reimbursements for further damages).

For further information please refer at art. 3C. The Exhibitor shall be solely liable for any damage or theft that may occur during the exhibition as well as in the setting phases prior and after the exhibition.

2.E - Terms of payment

Payment of the fees due for participation in the Exhibition shall be made within the times and in the manner set down on the application form.

Although the "exit voucher" may not be issued to Exhibitors who have not settled all their dues either directly or indirectly, it does not constitute a receipt of payment of the sums due for participation in the Exhibition and shall be valid only for the vehicle specified there on.

2.F - Insurance, Exemption and Assumption of Responsibility

During the hall opening times the Exhibitor shall watch over his own stand either directly or by means of his personnel. Although BolognaFiere S.p.A. provides a general day and night security service inside the Exhibition Centre when the Centre is closed to the public and exhibitors for the entire duration of the Exhibition and during the stand installation

and dismantling periods, it is hereby released from any and all responsibility in respect of theft and/or damage that may be sustained by the Exhibitor.

The Exhibitor shall also be responsible to BolognaFiere S.p.A. for all direct and consequential damage which for any reason is attributable to him or to the personnel working for him (including damage caused by the furnishings or by the systems set up either by the Exhibitor or by third parties hired to do so, even if they have been inspected by BolognaFiere S.p.A.).

Compensation for damages deriving from such theft or damage as may be sustained by the Exhibitor, even outside the hall opening hours (including all the days set aside for stand installation and removal) shall be made solely by means of adequate insurance policies.

The Exhibitor shall benefit from the following insurance policies taken out by BolognaFiere S.p.A.:

- a. All Risks cover (including fire and theft) against direct and material damage to stand fittings, furnishings, equipment and goods in the stand, excluding cash, items of value, other valuables and similar and excluding software installed on computers and excluding damages from non-use of stand fittings, furnishings, equipment and goods during the exhibition – € 40,000.00 full first loss (including fire and theft) cover with full excess of € 300.00 for each item of damage, increased to € 600.00 for damages occurring after the end of the exhibition.
- b. Third Party Liability cover, comprising the damages from fire: single limit € 50,000,000.00;
- c. Third Party Liability cover for employees:
limit € 3,000,000.00 per claim with limit of
€ 2,000,000.00 per person.
- d. the Insurance Company shall waive all claims towards Exhibitors and BolognaFiere S.p.A.

The aforesaid insurance covers are governed by the conditions and limitations which the Exhibitor may request from the exhibition Organising Office and which are printed in the various forms booklet for the exhibition.

These insurance policies do not release the Exhibitor from liability in respect of all risks which, according to the independent assessment of the Exhibitor, are not covered or exceed the limits of cover as set out above. The Exhibitor shall take out such supplementary cover as he deems appropriate.

In particular, given the existence of a video surveillance system, in case of theft, a report must be presented to the Public Authorities and forwarded to the Insurance Company within seven days of the end of the exhibition. Failure to meet this deadline may result in forfeiture of the right to compensation.

The Insurance Company will also handle claims and settlements at the end of the exhibition.

In any case, the Exhibitor undertakes to include in the supplementary insurance cover a clause in which the Insurance Company waives all recourse to action against the Exhibitors and BolognaFiere S.p.A. and Organizer, and in default he shall indemnify them from any action that may be brought against them. Having taken note of the above, the Exhibitor (on his own account and that of his agents, employees or assistants) in any case expressly relieves BolognaFiere S.p.A. and Organizer. from any liability for loss or damage which for any reason should occur in the exhibition area assigned to him, during the exhibition or during installation or dismantling, and in

respect of anything located therein, and accepts liability for any damage caused to third parties by the management of the exhibition space or by anything introduced therein and which is not covered in the terms or manner indicated above or by additional insurance cover taken out by the Exhibitor himself.

BolognaFiere S.p.A. and Organizer will accept no liability for consequential damages, damage to image, loss of revenues, etc. As regards direct damages, the Exhibitor accepts that the liability of BolognaFiere S.p.A. and Organizer shall be limited to the insurance cover limits as stated above. The Exhibitor accepts these limits of liability.

3) STAND FURNISHINGS AND PROHIBITIONS

3.A - Definition of type of stand set-up and approval procedure

Stand set-up, regardless of surface area, is classified as follow:

- STANDARD set-up
- NON-STANDARD set-up

NON-STANDARD set-up entails even just one of the following features:

- latticed metal (“American”) structures with clear structural span exceeding 8.00 metres or with total length exceeding 32.00 metres.
- horizontal metal or non-metal structures with clear span exceeding 4.50 metres
-
- installation anchored to BolognaFiere S.p.A. structures
- loft with space on upper level, even if not accessible to the public
- platforms higher than 80 cm
- All structures set up in external areas with a surface area greater than 75 m² are to be considered non-standard furnishings.

- Il limite è a 3 metri, per eventuali progetti che vanno oltre tale misura dovrà essere presentato il progetto ed attesa la sua approvazione
- Le pareti di allestimento che superano i 2,50 metri e che danno verso i corridoi o verso altri stand, devono essere rifinite in modo neutro (tinta unica senza loghi). In caso l’espositore non dovesse occuparsene direttamente, il lavoro verrà eseguito da BF Servizi ed i costi verranno addebitati all’espositore
- Vietato chiudere con pareti i lati verso i corridoi per un totale di massimo del 50% di ciascun lato

Because the Exhibition Centre has obtained authorisation for use of the exhibition spaces based on a traditional set-up scheme, i.e., with parameters defined as STANDARD, an Exhibitor who proposes a set-up with even one of the above-mentioned characteristics must, transmit (by fax or certified email) the design for the off-standard set-up, with signature and seal of a qualified engineer/architect, to BolognaFiere S.p.A. or Organizer for approval, no later than 4th February 2019.

If the Exhibitor is not in possession of the design for the off-standard set-up signed by a qualified engineer/architect, the Exhibitor may, using the appropriate form available on the web portal www.befair.eu, request BolognaFiere S.p.A. to conduct an advance check of the design.

If the signed and sealed design for the off-standard structure(s) is not transmitted to BolognaFiere S.p.A., an inspection and validation will automatically be conducted and the Exhibitor will be charged twice the regular cost for such service specified on the above-mentioned forms.

Under all circumstances, BolognaFiere S.p.A. reserves the right to prohibit the assembly of off-standard set-ups that have not been approved in advance.

A static test made only by BolognaFiere S.p.A. is compulsory to build up non standard assemblies.

The exhibitor will pay for the test the amount indicated in the appropriate form on the web portal www.befair.eu

In all cases, the construction of complex latticed metal ("American") structures (total length exceeding 32 metres, calculating both vertical and horizontal structures, and/or with clear structural span exceeding 8 metres) or horizontal metal or non-metal structures with clear span exceeding 4.50 metres, as well as intermediate floors, is subject to the transmission (by fax or certified email) to BolognaFiere S.p.A. of the structure's design, signed by the qualified engineer/architect, inclusive of a calculation report specifying load conditions during assembly and disassembly based on the construction method involved, as well as a certificate of correct assembly (at the end of work).

In any case, BolognaFiere S.p.A. has always the right to examine stand projects that fall outside conventional set-ups in terms of dimensions and potential danger. The Exhibitor must provide technical drawings and the names of the technicians responsible for the structural and the furnishing parts, for aspects regarding health and safety at the workplace and for the utilities. The same obligation applies for stands built in external areas. BolognaFiere S.p.A. may request the intervention of the Supervisory Committee for places of public entertainment.

3.B - Stand furnishing

The Exhibitor shall limit his display to the area allocated to him, as marked off by partition walls, painted lines or adhesive tape; on the front of the stands where there are no other reference elements, the display area shall not exceed the theoretical plane passing through the axis of the plates at the foot of the front pillars which support the side walls of the stands.

Inside the halls the stands may not exceed a standard height of 2,50 metres. In order to take account of any added thickness due to raised floors, lighting elements and light supports, including lattice structures, a maximum tolerance of a further 0,5 metres will be allowed, taking the above-specified limit to 3,00 metres, on condition that the structures whose sides face adjoining stands are perfectly finished and painted in a neutral, solid colour.

Stand fittings must not damage the aesthetic and visibility of nearby stands, in particular, in case of island stands (with four open sides) and peninsula stands (with three open sides), closing off more than 50% of the side of a stand will not be Permitted to ensure the mutual visibility to the stands around them..Stand fittings with perimetral walls higher than 3,00 metres will not be accepted. All 2-sided graphics must be positioned at a minimum distance of 2,00 metres from the boundaries with adjacent stands.

BolognaFiere reserve the right to demand that fittings and installations that do not comply with the provisions laid down above, be altered or changed. BolognaFiere will check in advance that these characteristics have unquestionably been complied with and if found lacking the exhibitor will be obliged to adapt accordingly.

In large exhibition areas that include passageways, indicated on the hall floor plan, no stand outfitting may obstruct these aisles.

Since exhibit areas do not have partition walls, every exhibiting company must have at its own expense design its stand/exhibit in such a way as to include these partitions to separate its stand from neighbouring exhibitors. Stand fitting must include also floor carpeting and stand furnishing.

Suspended piles and the related suspension systems, must be made in accordance with the directives from the Ministry of the Interior dated 01/04/2011 providing, in addition to the main connection system (belt, chain, auction...), also a safety connection (i.e. tension rod, band, rope, chain, anti-fall extensible systems).

For "suspended loads" we refer to truss structures (simple type or "ring" type) or other types of beams or facilities and all related piles (monitors, projectors, lights, speakers and other sub-structures...) that are bound to a top or bottom structure or via a lifting element.

The listed items must be in accordance and in possession of all the documents included in the said above Ministry of the Interior Action.

Every Exhibitor is required to install at its stand, in a clearly visible, accessible, and indicated position, approved fire extinguishers in a sufficient number based on the stand's surface area, as supplied by BolognaFiere S.p.A.

Glass walls in direct contact with the public must be stratified safety glass in accordance with applicable Laws and UNI standards.

In halls 14, 15, 16, 18, 21, 22, 25, 26, 33 and 34 double ceilings are permitted only if they are made from grill-type or perforated panels to allow the proper use of the sprinkler fire-fighting system.

All liability for the stability of the furnishings and the compliance of the furnishing materials with the fire prevention regulations currently in force shall be solely for the Exhibitor's account, who expressly relieves BolognaFiere S.p.A. of liability for any damage that may result from design and construction defects, including the dimensioning as inferred from the detailed drawings of the areas occupied.

Any job that entails changes in the actual state of BolognaFiere's S.p.A. fixed and movable property (reinforcements, modifications, excavations, holes in fixtures, walls, structures and floor columns) may only be carried out with the prior authorisation of BolognaFiere S.p.A., and shall be done at the expense and under the responsibility of the participant. This responsibility shall remain the Exhibitor's for the entire duration of the Exhibition until the stand is handed back to BolognaFiere S.p.A. Prior to starting work the participant is required to make over to BolognaFiere S.p.A. an amount equal to the cost

required to restore the stand to its original state, which will be undertaken by BolognaFiere S.p.A. and the Organizer

3.C - Waste management

Set-up and knock-down

It is strictly forbidden to all Stand fitters/Exhibitors to leave waste materials and/or residues in the exhibiting areas and in the boundary areas of the Fairground, during all phases of the Exhibition.

Waste materials resulting from setting up and dismantling are under the Exhibitor's or his representative's liability.

Aisles of the halls will have to be kept cleared from any kind of waste or obstructing material.

The disposal of all waste materials and debris is at the Exhibitor and/or his representatives expense.

The proper implementation of what abovementioned will be checked by our qualified BolognaFiere staff (attending every hall) during working hours.

In case of anomalies, these will be recorded and sent to the internal appointed authorities.

The non-compliance will result in a penalty for the Exhibitor as a refund to the necessary costs incurred by BolognaFiere for a total minimum amount of Euro 300,00 plus VAT for every 16sqm surface taken up by the Exhibitor.

Exhibition

Waste produced during the exhibition must be delivered to the waste separation and recycling areas in the Exhibition Centre and separated by type (paper, glass, metal, plastic, and undifferentiated).

3.D – Prohibitions

It is specifically prohibited for Exhibitors to:

- apply loads to the structures of the halls, the walls, lighting pillars, etc.;
- attach to or suspend from the above- mentioned elements posters, cables, panels, banners, stickers;
- fix to the floor moquettes or similar material using highly adhesive double-sided tape, tape with internal paper support or tape of weak consistency;
- damage the equipment belonging to BolognaFiere S.p.A. and the structures of the halls;
- using their own lift trucks, mobile cranes, aerial platforms, etc.
- leave waste materials and/or waste of any kind;
- stage or conduct any show or entertainment, of whatever kind, nature or characteristics, even if said show or entertainment is limited to the interior of the stand or designed for the presentation of products, without the prior consent of the BolognaFiere S.p.A.; it is the sole responsibility of the Exhibitor to obtain any authorizations from the public health and safety authorities, and, in general, from the authorities responsible for the above initiatives, if and as required;
- access inside the Exhibition Center, during the period of opening to the public, of vehicles other than cars.

The Exhibitor accepts sole civil and criminal liability for damage caused by the non-observance or breach of the rules in force and of all the requirements set out in these Regulations and in the Safety File; the Exhibitor shall also hold harmless BolognaFiere S.p.A. in respect of any claims for compensation filed by third parties.

The Exhibitor shall notify his personnel and the firms operating on his behalf in the Exhibition Centre of the requirements and prohibitions as set out in these Regulations and in the Safety File, and also of the general rules of participation in the Exhibition.

In the event of non-observance of these rules and the relevant provisions set out in the Regulations regarding participation, BolognaFiere S.p.A. may take action against any firm defaulting on the fire-prevention rules. Said action may entail, in the event that supplementary measures to the general safety rules are adopted, the charging of the relative costs, estimated at not less than € 300.00/exhibition module, or an order requiring the partial or total disassembly of the stand and a declaration that the stand is unfit for use.

4) GENERAL SERVICES

6) SPECIAL SERVICES

6.A - Entrance passes for Exhibitors and parking stickers for cars

Exhibitors will be provided, free of charge, with entrance passes in the following quantities:

- N°1 exhibitor's pass each 8 m²
- N°1 exhibitor's car pass for each exhibitor + 1 for each next 32 m²

The Exhibitor shall be responsible for the correct use of these documents and the behaviour of those who use them.

The Exhibitor's passes and the car park ones will be filled in and printed on-line on the Exhibition's website. The service will be available only for companies that will have provided to the payments due.

6.B - Catalogue

The catalogue will contain the information furnished by the Exhibitors up to 45 days prior to the start of the Exhibition and - with regard to the name - the data supplied on the application form will be considered valid.

6.D - Sound broadcasts, payment of royalties

Exhibitors are not generally allowed to broadcast music or to use music and sound reproduction equipment. Any exceptions may be authorized in writing.

Such authorization may be withdrawn at any time with immediate effect by means of written notice.

Authorization does not release the Exhibitor from the obligation to use the equipment in such a way as not to disturb the other exhibitors and visitors, with particular attention to noise pollution laws (maximum limited permitted by law) and nor does it relieve him of the obligation to abide, at his own expense, by prevailing copyright law.

In order to fulfil the required formalities, those interested may apply directly to S.I.A.E.,
Via Orfeo 33/a, 40124
Bologna, 051-4290311/346681 – Fax 051-307280

7) SPECIAL PROVISIONS

7.A - Entry with bags or suitcases

BolognaFiere S.p.A. has the right to deny entry to the Exhibition Centre and to halls to people carrying bags, suitcases or other containers and may require these to be deposited in the cloakroom.

7.B - Entry with dogs or other animals

Only dogs on a leash and wearing a muzzle or in a dog carrier can be admitted to the Exhibition Centre, except for dogs specifically trained to assist disabled persons that can access without restrictions.

7.C - Ban on photography and filming and entry to the Exhibition Centre with photographic and filming equipment

It is forbidden to enter the Exhibition Centre with cameras, film cameras, video recorders or any other type of filming equipment without the prior authorisation of BolognaFiere S.p.A. It is forbidden to photograph and film the interior of the Centre, the stands and the goods on display without the prior authorisation of BolognaFiere S.p.A. and the stand owner.

7.D - Wireless equipment

Operators who intend to use wireless equipment (such as two way radios, radio microphones, radio cameras etc.) are obliged to use equipments that comply with the the EU standards (EU directive 99/05 – CE trademark) and have proper authorization (Electronic Communication Code, Article 107, paragraph 10 of the legislative decree 259/2003), if necessary and operate on permitted radio bands. For the fulfillment of the necessary procedures, interested parties may refer to the website of the Emilia Romagna Inspectorate of the Ministry for Economic Development.

8) RIGHT OF CONTROL AND INTERVENTION BY BOLOGNAFIERE S.P.A.

BolognaFiere S.p.A. takes steps to ensure that the regulations and the general conditions for participation are observed, and all those entering the Exhibition Centre are obliged to abide by the provisions and instructions that BolognaFiere S.p.A. issues on entry to and inside the Centre; these instructions may take the form of signs, written notices and loudspeaker announcements and may also be issued by the service personnel or by any other means, it being understood that loudspeaker announcements and instructions given by the service staff shall take precedence over any other form of notification.

Exhibitors are reminded that failure to observe the rules or the violation of prohibitions may result in the immediate closure of the stand by officers or agents of BolognaFiere S.p.A., or in the withdrawal of the entry passes and parking stickers, nor shall this entitle the Exhibitor to any refund whatsoever.

9) MODIFICATIONS TO THESE REGULATIONS

Any provisions of law or regulations that alter the terms of these Exhibition Regulations will be immediately and automatically effective, even though the printed Exhibition Regulations have not been modified or changed to reflect the said amendments.

In addition, BolognaFiere S.p.A. has the right to adopt at any time such measures as are deemed appropriate, which the exhibitor shall immediately apply, with regard to fire prevention, work hygiene, accident and damage prevention, and the safety of exhibitors and visitors. These latter provisions may be brought to the attention of Exhibitors by any means and they shall prevail over the general provisions in force up to that time.
