General Terms and Conditions of Participation in the Show

"BolognaFiere" means BolognaFiere S.p.A., with registered office at Viale della Fiera 20, Bologna, Italy.
"Organizer" means SEI srl, with registered office at Via Gioacchino Rossini 4, Milan, Italy. The Organizer, in the exercise of its commercial activity carried out in a competitive market, organizes the EUDI SHOW, to be held at the Bologna Exhibition Centre from 19 to 21 February 2027 in Hall 30.

Art. 1 - Admission to the Show

The following may be admitted as Exhibitors:
a) Italian and foreign companies exhibiting their own products or services that fall within the product sectors covered by the Show. If the manufacturers do not take part in the Show, their general exclusive dealers, agents or representatives may be admitted instead;
b) Trade associations, public bodies and organizations whose institutional activity is the promotion, study, information and dissemination in the sectors covered by the Show. The Organizer reserves the right to forbid the same products, samples or services from being shown on more than one stand in the same product sector. Italian or foreign companies that have had, or currently have, legal proceedings with the Organizer or its subsidiaries, or that owe outstanding payments to the Organizer, shall not be admitted as exhibitors.
c) **Registration of co-exhibiting Diving Centers and Represented Companies**
An exhibitor wishing to host a Diving Center on its stand shall pay €50 + VAT for each Diving Center hosted.
On its stand, the exhibitor may display only its own products or brands of which it is the owner or official importer. Any other company or brand present on the stand must be officially declared by completing Form B "Represented Companies", which is available as an online form. The fees are: €300 + VAT for one company, €400 + VAT for up to two companies, €600 + VAT for up to three companies, €800 + VAT for up to four companies, €900 + VAT for up to five represented companies, and €100 + VAT for each additional company (e.g. €1,000 + VAT for six represented companies, and so on). Represented companies are not entitled to any additional admission passes.
Exhibiting products and/or brands of other companies that have not been declared in the relevant Form B is forbidden. The link to the online form is provided by the Organizer on request.
Any breach of the provisions of this article shall result, for both the Exhibitor and the represented company involved, in a charge of three times the amount due for each represented company and in exclusion from future editions of the Show and from other events owned by the Organizer or by BolognaFiere. In the event of a dispute between exhibitors over the same represented company, the formal statement of the represented company shall prevail; if there is no such statement, the order in which the documentation was submitted shall prevail.

Art. 2 - Participation in the Show

The application for participation must be submitted, under penalty of inadmissibility, on the appropriate form, duly completed, signed and countersigned. It shall constitute an irrevocable offer by the applicant and shall imply the applicant's acceptance of these "General Terms and

Conditions", of the "Technical Regulations of the Show" and of any other rule concerning the organization and operation of the Show and of the Exhibition Centre. When submitting the application, the applicant must pay a down payment (as set out in Art. 3 below). Applications not accompanied by the above down payment will not be considered. The Organizer shall decide on the application with full autonomy and discretion, being required to state the reasons for non-acceptance only for applications received by the Organizer at least 60 days before the opening date of the Show, and only if the applicant makes a formal request to that effect within thirty days of the close of the Show. Participation is considered confirmed (with implicit acceptance of the regulations and rules referred to in Art. 1 of these regulations) upon issue of the first invoice for the down payment.
General exclusive dealers, agents or representatives must attach to their application for participation a list of the companies they represent and whose products they intend to exhibit. The applicant is required to provide any other documentation that may be requested in order to decide on the application and to verify, at any time, compliance with the conditions of participation in the Show. If the application is accepted, the applicant will be notified by e-mail, which shall confer upon it the status of participant in the Show. For applications received at least 60 days before the opening of the Show, the acceptance e-mail will be sent at least 30 days before the opening.

For applications received after that date, notice of acceptance must reach the applicant no later than the day before the opening of the Show and may be given by registered letter or by any other suitable means.

Art. 3 - Registration fee and down payment/security deposit

Together with the application for participation, Exhibitors must pay 20% of the total amount due for participation. If the application is not accepted, the down payment/security deposit will be refunded within 30 days of notice of non-acceptance.

Art. 4 - Payment terms - Rates - Registration - Termination clause

Once the applicant has received notice of acceptance of its application for participation, it must pay the amounts due in accordance with the instructions given in the application form and in any case before the opening of the Show.
Failing this, the Organizer may consider the contract terminated for breach by the participant, without the need for formal notice or a court ruling.
In such case, the Organizer shall formally notify the party concerned and, in addition to being released from all obligations and being free to dispose of the stand by assigning it to other applicants, shall be entitled to payment in full, as a penalty, of the registration fee and the participation fee, as well as of any other contractual consideration, less any amounts already received under these headings, without prejudice to its right to compensation for any further damages.
Participation rates, compulsory miscellaneous services and the registration fee are set out in the application form.
The participation fee includes the following services: listing of the company in the Show catalogue and in the online catalogue, all-risk and third-party liability insurance, exhibitor passes at a rate of 1 per 8 m². Internal parking at a rate of 1 per exhibitor.
To make participation in the Show easier, the following "compulsory miscellaneous services" have been grouped into a flat rate (€10/m²): 1 connection and testing of the electrical system, with

power supplied up to 5 kW - supply of fire extinguishers as required by law – cleaning (sweeping of floors/vacuuming of carpets, dusting of clear work surfaces, emptying of waste bins only if left at the edge of the stand) - municipal advertising charges on the Exhibitor's signs and company name, Wi-Fi connection for 1 device

Art. 5 - Stand allocation

Stand allocation is the exclusive and independent responsibility of the Organizer.
Any indications or special requests made by the Exhibitor are purely indicative, cannot bind or condition the application for participation and shall therefore be deemed not to have been made.
Furthermore, the Organizer shall be entitled to move or reduce a stand already allocated, or to transfer it to another exhibition area, without the participant being entitled to any indemnity or compensation whatsoever. The Organizer shall in any case notify the Exhibitor before the start of the Show, by e-mail or other suitable means.

Art. 6 - Right of withdrawal

A participant who is unable to take part in the Show may withdraw from the contract by giving notice to the Organizer by registered letter with return receipt or by certified e-mail (PEC: seiseisrl@pec.it) at least 90 days before the opening date of the Show. In this case, the Organizer shall retain the registration fee and the security deposit, without prejudice to its right to claim compensation for any further damages arising therefrom. Should such notice reach the Organizer less than 90 days before the opening date of the Show, the participant shall be required to pay the registration fee and also the full participation fee, without prejudice to the Organizer's right to claim compensation for any further direct and indirect damages. In any case, the Organizer may dispose of the stand and may also assign it to other Exhibitors. The Organizer may withdraw from the participation contract at its own discretion up to two weeks before the opening date of the Show and, for reasons relating to the organization of the Show and its proper running, up to the opening day. In such cases, the Organizer shall not be liable for any indemnity or compensation whatsoever, but shall refund the registration fee and the participation fee if already received. Should no notice of withdrawal be given at all and the Exhibitor fail to set up its stand, the Exhibitor shall be deemed in breach of contract for all purposes and shall be required to pay the registration fee and the full participation fee, and also to compensate the Organizer for any direct and indirect damages suffered.
In this case too, the Organizer may dispose of the stand and may also assign it to other Exhibitors.

Art. 7 - Handover of stands

Stands will be made available to Exhibitors within the time limits set out in the "Technical Regulations of the Show", and stand set-up must be completed by the date indicated in the same "Technical Regulations of the Show"; failing this, the contract may be terminated for breach by the participant, in the same manner and with the same consequences as set out in Art. 6.
In order to access the Exhibition Centre during set-up and dismantling, exhibiting companies must register on the website www.eudi.befair.eu following the instructions received by e-mail. Once this first step has been completed, the Exhibitor will choose its login credentials, which will remain valid for future editions of the Show. By accessing the Pass page, the Exhibitor may authorize its appointed contractors (stand builders, suppliers, couriers, etc.) by assigning them a file. The appointed contractors will receive an e-mail to log in to the Pass page of the Befair website for the first time and, in turn, choose their own credentials. Please note that in Pass both the Exhibitor (with its own account) and the appointed contractors (with their own accounts) may enter the

names of their staff and the number plates of the vehicles for which access to the Exhibition Centre is requested, exclusively during the set-up and dismantling periods. Stand builders that do not register on the above website and do not view the documentation published there, including the DUVRI (Interference Risk Assessment Document), will not be able to print the passes/access documents for the Exhibition Centre.

The Exhibitor is responsible for ensuring that the companies working on its behalf at the BolognaFiere Exhibition Centre meet the required technical and professional qualifications. BolognaFiere and the Organizer may lay down, also for the purposes of occupational health and safety legislation, specific criteria for access to the Exhibition Centre during set-up work, restrict vehicle access and/or apply charges where vehicles remain outside the areas and/or times set by the Organizer. In particular, if motor vehicles and vehicles in general remain in the Exhibition Centre for more than two hours, the Exhibitor whose password was used to register the vehicle may be charged €500.00 plus VAT.

Art. 8 – Stand fittings

Stand fittings must be contained within the stand area, as specified in the Technical Regulations of the Show and Forms, and their height must not exceed the height permitted by the said Regulations

Stand fittings, regardless of their size, are classified as Standard and Non-Standard according to the characteristics set out in detail in the Technical Regulations, which are hereby referred to in full and accepted by the Exhibitor.

For any stand fitting, "Form 0" must be submitted to BolognaFiere; it can be downloaded from the Exhibitors' reserved area on the forms page of the website https://eudi.befair.eu/

For Non-Standard stand fittings, the Exhibitor must submit to the Organizer and to BolognaFiere, for approval, the stand design stamped and signed by a qualified engineer or architect, together with the documents required by the "Technical Regulations of the Show and by Form 0".

All the above documents must be sent no later than the deadline set in the "Technical Regulations of the Show"; otherwise, the Exhibitor will be charged €500.00 plus VAT, in addition to any costs indicated in "Form 0".

BolognaFiere in any case reserves the right not to allow the assembly of Non-Standard stand fittings that have not been approved in advance.

Stand fittings and the related systems must be built in a workmanlike manner, in compliance with accident-prevention and fire-prevention regulations.

The Exhibitor undertakes to comply with the regulations on places of public entertainment and with all requirements and formalities laid down in the "Technical Regulations of the Show and Forms". BolognaFiere may, if necessary, request an inspection by the Supervisory Commission for places of public entertainment.

The Exhibitor must keep on its stand, in a clearly visible and accessible position, fire extinguishers of suitable number and type, as supplied by BolognaFiere.

Failure to comply with the detailed provisions of the "Technical Regulations of the Show and Forms" shall entitle BolognaFiere to close the exhibition space and/or take the most appropriate measures to ensure safety, without prejudice to the Exhibitor's civil and criminal liability.

The Exhibitor shall be solely responsible for the structural stability of stand fittings, the construction and operation of systems, the compliance of fitting materials, compliance with fire-prevention regulations and any damage suffered by persons or property belonging to BolognaFiere or to third parties. Failure to comply with safety regulations may result in a report to

the judicial authorities.

Art. 9 - Return of stands

At the end of the Show, and not before, Exhibitors must remove the products and materials they have installed and, after obtaining an exit permit from the Organizer, take them out of the Exhibition Centre. Stands must be cleared by the date indicated in the "Technical Regulations of the Show".
The Exhibitor must return the stand in the same condition in which it was handed over.
During all phases of the Show, it is forbidden to leave waste materials and/or refuse in the exhibition areas and in the Exhibition Centre. Waste materials from set-up and dismantling must be disposed of by the Exhibitor and/or its contractors, and hall aisles must be kept free of any waste or obstruction. As required by environmental protection legislation, Exhibitors must declare how they intend to dispose of set-up waste by completing the compulsory Show forms.
If the dismantling deadlines are not met and/or the Exhibitor fails to clear the area, the Exhibitor irrevocably consents to the area being cleared ex officio, with anything left on the stand being treated as waste to be sent to public landfill. The Exhibitor shall then reimburse all direct and indirect costs incurred for clearing, with a minimum of €700.00 for every 16 m² of floor space, without prejudice to compensation for any further damages. The exit permit, while it cannot be issued to Exhibitors that have not settled all their debts, direct or indirect, towards the Organizer, shall not constitute a receipt for payment of the amounts due for participation in the Show, and shall be valid only for the vehicle indicated on it. The participant expressly authorizes the Organizer to check that the vehicles and luggage of the Exhibitor and/or its contractors leaving the Exhibition Centre do not contain products and materials other than those installed on the stand and listed in the exit permit, and authorizes the Organizer to prevent the removal of products and materials not listed in the permit.
The Organizer and BolognaFiere accept no liability for goods, materials or any other items left unattended by exhibitors in the Exhibition Centre during set-up and dismantling.

Art. 10 - Access to the Exhibition Centre

The Show is open every day to visitors holding the required admission ticket, during the opening hours that the Organizer reserves the right to set and, if necessary, change, also during the Show. To allow Exhibitors and their staff free entry to the Show, the Organizer will issue special passes, governed by the "Technical Regulations of the Show", the use of which implies acceptance of these regulations. The Exhibitor is in any case fully responsible for the conduct of those to whom it gives admission passes, as well as for the conduct of its employees, assistants and collaborators in the performance of their duties. Within the Exhibition Centre, everyone is strictly forbidden to solicit offerings or donations for recognized institutions, collect money, engage in political, religious or partisan propaganda, or carry out any activity unrelated to the purposes of the Show.
It is understood that access procedures, technical provisions, stand set-up and dismantling activities and, in general, the running of the Show may be subject to changes and/or revisions following any new legal provisions.

Art. 11 - Theft prevention – Liability for theft and damage - Release of BolognaFiere from liability – Indemnity clause

During hall opening hours, the Exhibitor must supervise its stand either directly or through its own staff. The Exhibitor is required to have its own staff present at the stand throughout the opening hours of the Show. The Exhibitor is the sole custodian, for the entire duration of the Show

(including the set-up/dismantling period), of all materials, goods and furnishings on the stand. As custodian of the stand, the Exhibitor undertakes to indemnify BolognaFiere, both substantively and procedurally, and to hold it harmless from any loss, damage, liability, cost or expense, including legal fees, arising from the use of the stand and of the exhibition space allocated.
Although BolognaFiere provides a general day and night security service within the Exhibition Centre for the entire duration of the Show and for all days scheduled for stand set-up and clearance, it shall be released from any and all liability for theft and/or damage suffered by the Exhibitor. The Exhibitor shall also be liable towards BolognaFiere for all direct and indirect damage, for whatever reason, attributable to it or to staff working on its behalf (including damage caused by stand fittings or systems built by the Exhibitor itself or by third parties appointed by it, even if tested by BolognaFiere).

Art. 12 – Insurance, releases, assumption and limitation of liability

The Exhibitor shall benefit from the following insurance policies taken out by BolognaFiere and agreed with the Organizer:
a) All Risk cover (including fire and theft) for material and direct damage to furnishings, stand fittings, equipment and goods on the stand, excluding cash, securities, valuables and the like, excluding software installed on computers and excluding damage from loss of use of furnishings, stand fittings, equipment and goods during the Show: cover of €40,000.00 on a first absolute loss basis (including fire and theft), with an absolute deductible of €300.00 per claim, increased to €600.00 for damage occurring after the close of the Show;
b) Third-Party Liability cover, including fire damage: single limit
€ 50,000,000.00;
c) Employer's Liability cover: limit per claim €3,000,000.00, with a limit of €2,000,000.00 per person;
d) waiver by the Insurer of any right of recourse against all Exhibitors, the Organizer and BolognaFiere.
The above insurance cover is subject to the terms and limitations that the Exhibitor may request from the Show Organizing Secretariat, and which will be included in the Show documentation. Such cover does not exclude the Exhibitor's liability for all risks which, in the Exhibitor's own assessment, are not covered or exceed the above limits of cover. The Exhibitor shall take out suitable supplementary cover. In particular, in view of the existence of a video surveillance system, the Exhibitor acknowledges that, in the event of theft, the related report to the Public Authorities must reach the Insurer within seven days of the end of the Show, and that failure to meet this deadline may result in loss of the right to compensation.
The Insurer will also handle claims and settlement procedures after the Show. In any case, the Exhibitor undertakes to include in its supplementary cover the insurer's waiver of any right of recourse against the Exhibitors, the Organizer and BolognaFiere; failing this, it shall hold them harmless from any action brought against them. Having acknowledged the above, the Exhibitor (for itself and for its collaborators or contractors) expressly releases the Organizer and BolognaFiere from any liability for loss or damage that may occur, for any reason, in the exhibition space allocated to it, during the Show or during stand set-up and dismantling, and to anything located there, and assumes liability for any damage caused, including to third parties, by the management of the exhibition space or by anything brought into it, and not covered under the terms and conditions set out above or by cover taken out by the Exhibitor itself.
The Organizer and BolognaFiere accept no liability for consequential damage, damage to image, loss of turnover, etc. With regard to direct damage too, the Exhibitor accepts that the Organizer

and BolognaFiere limit their liability to the limits and maximum amounts of the insurance cover set out above. The Exhibitor accepts these limitations of liability.

Art. 13 – Complaints

Any complaints regarding the organization and running of the Show must be notified in writing to the Organizer immediately and in any case within seven days of the end of the Show. Later complaints cannot be the subject of a dispute with the Organizer.

Art. 14 - Intellectual property

Neither the products and goods on display nor the stands housing them may be photographed, drawn or otherwise reproduced without the authorization of the respective exhibitors and of the Organizer.

The Organizer and BolognaFiere nevertheless reserve the right to film, reproduce and distribute, and to authorize the filming, reproduction and distribution of, general and detailed views of interiors and exteriors, including the right to sell them or allow them to be sold.

Art. 15 - Temporary importation

The temporary importation of foreign goods or products to be displayed as samples at the Show must be carried out at the Exhibitor's expense through BolognaFiere's official forwarding agent, according to the procedures set out in the "Technical Regulations of the Show and Forms", with BolognaFiere, among others, released from any liability for the actions of the official forwarding agent.

Art. 16 - Display of prefabricated structures, cranes, scaffolding, etc., and rules for machinery displayed in operation

When displaying prefabricated structures, tower cranes, self-erecting cranes and the like, scaffolding, temporary supports and scaffolds in general, the Exhibitor, in addition to ensuring full and careful compliance with all safety, legal and regulatory rules, good engineering practice and the rules dictated by experience and prudence, undertakes to strictly follow BolognaFiere's instructions throughout the period such items remain in the Exhibition Centre.

Machinery on display may not be operated, unless a written exemption is granted by the BolognaFiere Operations Division and provided this does not cause danger or nuisance. In such case, the machinery must be fitted with the devices necessary to prevent accidents, disturbing noise, unpleasant odours and the emission of gases and liquids; inside the halls it may not be driven by running internal combustion engines, and it must not involve the use of fuel or gas cylinders. In any case, it must comply with legal and regulatory rules and good engineering practice, and be accompanied by the related administrative documentation from the competent Authorities.

The Exhibitor shall bear sole civil and criminal liability for any injury and/or damage to third parties resulting from failure to comply with or breach of the above rules and/or instructions. BolognaFiere reserves the right to intervene directly to order or carry out the removal from the Exhibition Centre of any structures that do not comply with the above provisions.

Art. 17 – Technical services

At the Exhibitors' request, and in compliance with the provisions of the "Technical Regulations of the Show and Forms", BolognaFiere will supply Exhibitors with electricity for both lighting and power, as well as water and compressed air services. In addition, BolognaFiere reserves the right

to provide, contract out or grant exclusive rights for any service it deems useful to participants, establishing how such services are to be operated. In particular:
- connections and disconnections between the electrical or plumbing systems built by Exhibitors and, respectively, the junction box and the water outlets may only be carried out by companies authorized by BolognaFiere, which will check compliance with the rules of the "Technical Regulations of the Show and Forms";
- stand cleaning must be carried out by Exhibitors at their own care and expense, using their own staff or the company authorized for this purpose by BolognaFiere (without prejudice to the provisions of these regulations);
- telephone equipment may only be connected and disconnected by the supplier authorized by BolognaFiere;
- for all porterage, transport, loading and unloading of goods, exhibitors must use exclusively BolognaFiere's Official Forwarding Agent;
- only electric vehicles are allowed inside the halls.

The Exhibitor acknowledges that the "services" (whether managed directly by BolognaFiere, contracted out or granted under exclusive rights) ensure regular performance under normal use by individual users, and in any case releases BolognaFiere, as well as the service contractors and concessionaires, from any and all liability for any irregularity in the provision of such services.

Art. 18 - Printed information and online information

The Organizer reserves the right to produce the Catalogue and to disseminate information (also in summary or abbreviated form) contained in the Application for Participation, on the Exhibitors and on the products and/or services they present, as well as on anything else displayed or presented, using the communication means and techniques (printed matter, CD-ROM, Internet or other) it considers most suitable, without any liability for omissions, errors or malfunctions.
The information published will refer to applications received and accepted up to 45 days before the opening date of the Show. This is without prejudice to the Organizer's right to change stand allocation. The above also applies to the content of other information forms signed by the Exhibitor or by a person acting on its behalf and made available to the Organizer, also by electronic means. The Organizer reserves the right to provide, on the Show website, areas reserved for individual Exhibitors, which the Exhibitor may access with a personal username and password in order to post online, send or modify information about its company.
The Exhibitor is solely responsible for the content entered in its reserved area and for the correct use, also by third parties, of the username and password assigned to it by the Organizer.

Art. 19 - Paid advertising

Outside the allocated exhibition area, all forms of promotion and advertising must be carried out exclusively through the Organizer or BolognaFiere's concessionaires and are subject to payment of the relevant fee and taxes.
Leafleting - Leafleting is permitted in front of the Exhibitor's own exhibition space (at a maximum distance of 1.5 m), provided it does not obstruct the passage of people or block other exhibitors' visibility; leafleting in common areas is permitted only with prior authorization from the Organizer. Such authorization involves payment of a fee of €100 per day per person per exhibitor and requires approval of the material to be distributed, which must be submitted to the Organizing Secretariat together with the request

Art. 20 – Parking

For safety reasons, only cars (therefore excluding all other vehicles such as commercial vehicles, trucks, etc.) displaying the special permit issued by the Organizer may access the car parks reserved for Exhibitors, subject to availability; parking is permitted only in the designated spaces and only during Exhibition Centre opening hours. Parking of commercial vehicles and trucks of any kind inside the Exhibition Centre is strictly forbidden, even for short periods. **Parking cars outside the permitted spaces and after Exhibition Centre closing time is also strictly forbidden.**
In the event of non-compliance with these provisions, BolognaFiere or the Organizer may have the vehicle towed out of the car park or immobilized with wheel clamps, at the risk and expense of the Exhibitor to whom the permit was issued and of the vehicle owner, who shall be jointly and severally liable with the Exhibitor for the related costs.
BolognaFiere or the Organizer reserve the right not to admit to the next edition of the Show any Exhibitor that has failed to comply, also through its contractors, with the above prohibitions.
Each occupant of the vehicles must hold a valid document for access to the Exhibition Centre.
As the car parks are unattended, BolognaFiere and the Organizer are released from any liability for the custody of vehicles and shall not be liable for damage or theft of any kind.

Art. 21 - Specific prohibitions

In particular, Exhibitors are forbidden:
- to sell goods with immediate on-site delivery to the buyer, except in sectors where the Organizer allows it;
- to transfer or exchange the stand, even partially;
- to display prices, except in sectors where the Organizer allows it;
- to carry out any form of advertising outside their own stand within the Exhibition Centre. Advertising material may only be distributed within the Exhibitor's own exhibition area;
- to display products not consistent with the product category of the stand as stated in the application for participation;
- to display signs or samples, even merely indicative, on behalf of companies that are not listed in the application for participation and not represented.
- to use remotely piloted aircraft (drones) for any purpose within the Exhibition Centre. Any exemptions must be requested from the BolognaFiere Operations Department, which reserves the right to assess, within the scope of current legislation, whether they may be used according to methods and procedures to be agreed;
- to hold any show or entertainment initiative of any type, nature or characteristics, even if limited to the inside of the stand or aimed at presenting products, without prior authorization from BolognaFiere Management; the Exhibitor is also solely responsible for obtaining any authorizations from the health and public safety authorities and, in general, from the competent bodies for the above initiatives, if and when required;
- to play live or recorded music using equipment for reproducing music and sound. Exceptions may be authorized in writing by the Organizer only on condition that the Exhibitor does not cause disturbance and has fulfilled the legal obligations for payment of the related royalties
- to use their own forklifts and lifting equipment within the Exhibition Centre;
- to engage in any form of unfair competition among participants in the Show. To this end, the Exhibitor undertakes to accept, for exhibition purposes and to ensure the proper running of the Show, all initiatives that the Organizer may take to ensure the immediate cessation of any possible unfair competition or to protect the other exhibitors and the Organizer itself.
The technical prohibitions issued for reasons of safety, hygiene and pollution in general, for persons and property, and to prevent tampering with the movable and immovable property of the

Exhibition Centre, together with the related requirements, contained in the "Technical Regulations of the Show and Forms", shall be deemed to form part of these general terms and conditions of contract, and the Exhibitor undertakes to strictly comply with them. Any exemptions may be granted, exclusively in writing, by the BolognaFiere Operations Division. In the event of non-compliance with even one of the above prohibitions, or with those referred to in this article, the Organizer may apply the penalties provided for in the "Technical Regulations of the Show and Forms" and/or terminate the contract for participation in the Show without the need for a court ruling, simply by any written notice delivered to the Exhibitor at its stand. This shall entail the immediate closure of the stand and the withdrawal of the Exhibition Centre access documents, without prejudice to the amounts due from the Exhibitor.

Art. 22 - Postponement, reduction or suspension of the Show

The Organizer has the discretionary and unquestionable right to change the dates of the Show, without the Exhibitor being entitled to withdraw from or otherwise terminate the contract and be released from its commitments. Furthermore, the Organizer may reduce the Show, or cancel it in whole or in some of its sectors, without being required to pay any indemnity, penalty or damages whatsoever. In such cases, the Organizer shall give notice of the changes made in writing, by e-mail (to the address indicated in the application for participation) or other suitable means, at least 30 days before the scheduled start date of the Show.

Art. 23 - General provisions - Choice of domicile - Applicable law - Italian jurisdiction and competent court

The Exhibitor must comply with any requirements that the Public Safety Authorities and the authorities responsible for fire prevention, accident prevention and supervision of premises open to the public may issue to BolognaFiere.

The Exhibitor and third parties working on its behalf in the Exhibition Centre must employ staff, whether employed or self-employed, meeting the requirements of current legislation (social security, insurance, tax, etc.). For all legal purposes, the Exhibitor elects domicile at the registered office of BolognaFiere and accepts Italian jurisdiction and the exclusive competence of the Court of Bologna for any dispute arising from and/or connected with the interpretation, performance or termination of the contract with the Exhibitor or otherwise relating to it.

The relationship between the Organizer, BolognaFiere, the Exhibitor and any third parties is governed exclusively by Italian law.

In case of any discrepancy between the Italian and English versions, the Italian text shall prevail.

Art. 24 - Amendments to the General Regulations and Penalties for Non-Compliance

BolognaFiere and the Organizer reserve the right to lay down, also by way of derogation from these General Regulations, any rules and provisions they deem appropriate to better regulate the Show and the related services. Such rules and provisions shall replace the provisions of these General Regulations and shall therefore be equally binding. In the event of non-compliance with the provisions of these General Regulations or subsequent amendments, BolognaFiere and the Organizer, by virtue of their supervisory powers, may impose on the defaulting Exhibitor the penalty of exclusion from future editions of the Show.

Art. 25 - Force Majeure and Exclusion of Liability

Force majeure means the occurrence of an event or circumstance ("Force Majeure Event") that prevents the performance of one or more contractual obligations, if and to the extent that it is proven:
a) that the impediment is beyond reasonable control; and
b) that it could not reasonably have been foreseen at the time the contract was concluded; and
c) that the effects of the impediment could not reasonably have been avoided or overcome.
The conditions under (a) and (b) shall be deemed fulfilled, unless proven otherwise, in the event of: war (whether declared or not), invasion, acts of foreign enemies, extensive military mobilization on national or international territory; civil war, riot, rebellion and/or revolution, insurrection, acts of terrorism, sabotage or piracy; embargoes; compliance with any law or government order, expropriation, requisition, nationalization; plague, epidemics, pandemics, natural disasters or extreme natural events in general; explosion, fire, destruction of equipment, prolonged interruption of transport, telecommunications, information systems or energy supply; boycotts, strikes and lockouts, occupation of premises.
Should any Force Majeure Event occur, the Organizer shall be released from the obligation to perform its contractual obligations and from any liability for damages or any remedy for breach of contract, from the time the impediment prevents performance, provided that the other party is notified without delay. If notice is not given promptly, the release shall take effect from the time the notice reaches the other party. The other party may suspend performance of its own obligations from the date of the notice.
Should it be necessary to postpone the Show due to a Force Majeure Event, the Organizer shall retain the sums already received (i.e. the registration fee and any other down payments), which the Exhibitor may use - without any guarantee as to changes in rates - to participate in the event on the new dates.
Should it be necessary to cancel the event due to a Force Majeure Event, the Organizer reserves the right to retain the sums already received (i.e. the registration fee and any other down payments) as reimbursement of organizational costs, and Exhibitors shall not be entitled, on any grounds or for any reason, to claim any compensation from the Organizer.
Should any Force Majeure Event occur, the Exhibitor shall be released from the obligation to perform its contractual obligations and from any liability for damages or any remedy for breach of contract, from the time the impediment prevents performance, provided that the Organizer is notified without delay. If notice is not given promptly, the release shall take effect from the time the notice reaches the other party, which may suspend performance of its own obligations from the date of the notice. Should the Exhibitor be unable to attend the Event due to a Force Majeure Event, the Organizer shall retain the sums already received (i.e. the registration fee and any other down payments), which the Exhibitor may use - without any guarantee as to changes in rates - to participate in future editions of the event.
For the avoidance of doubt, in the event of a Force Majeure Event, the notice periods provided for in Art. 22 shall not apply.

Art. 26 - Non-compliance and breach

In the event of non-compliance with the provisions of these regulations and breach of the obligations arising from the application for participation, including non-payment, the Organizer and BolognaFiere may, taking into account the seriousness of the breach, impose the following penalties on the Exhibitor concerned: - not activating ancillary services, including all utilities necessary for the proper operation of the allocated exhibition space; - refusing to deliver car park

passes, exhibitor passes, the allotted visitor tickets, the catalogue and any other material connected with participation in the Show;
- ordering the immediate removal of non-admitted products, with the power to intervene directly and immediately if the Exhibitor does not comply immediately, without prejudice to further penalties; - ordering the immediate closure of the stand, with the power to intervene directly and immediately if the Exhibitor does not comply immediately, without prejudice to further penalties;
- excluding the Exhibitor from future editions of the Show. In no case shall the Exhibitor be entitled to refunds or indemnities of any kind, and it shall in any case remain obliged to pay the Organizer the full amount of the participation fees. The Organizer shall also in any case be entitled to claim compensation for damage and for the costs incurred for publishing the Exhibitor's allotted material, if not delivered, for removing the products on display and/or closing the stand and/or for any preparation of the space for use, including its assignment to another exhibitor. As a result of the above breaches, the Organizer may claim full compensation for the damage suffered, including both actual loss and loss of profit.

Art. 27 - Relations with BolognaFiere

The Exhibitor acknowledges that the Show will take place at the BolognaFiere Exhibition Centre and undertakes to comply, and to ensure that its employees and collaborators comply, with the regulations issued by BolognaFiere.
Any right of the Exhibitor connected with participation in the Show may be exercised solely and exclusively against the Organizer, whereas any and all obligations of conduct undertaken by the Exhibitor by signing the application for participation and accepting these Regulations shall be deemed extended also in favour of BolognaFiere, which shall therefore be entitled, in the event of non-compliance with such obligations, with any of its regulatory provisions or with any provision of law, to intervene directly, also through its own service staff in the Exhibition Centre.

Art. 28 – Processing of personal data

Information to the Data Subject pursuant to Art. 13 of Regulation (EU) 2016/679
The Organizer undertakes to process the personal data you provide in compliance with Regulation (EU) 2016/679, as well as with the guidelines and decisions of the Italian Data Protection Authority (Garante per la protezione dei dati personali) and any other applicable legislation.
For further details on the processing of your personal data by the Organizer, please refer to the privacy notice attached to this contract.

*** ** ***

Pursuant to and for the purposes of Articles 1341 and 1342 of the Italian Civil Code, the following clauses are specifically approved:

- Form and irrevocability of the application for participation (Article 2)
- Discretion of the Organizer (Article 2);
- Right to terminate or withdraw from the contract or to suspend its performance (Articles 4, 6, 22, 25, 26)
- Penalty clause (Article 6)
- Waiver of indemnities or compensation (Articles 6, 12, 24)
- Limitations on the right of withdrawal (Articles 6, 22)
- Limitation of or release from liability (Articles 8, 9, 11, 12, 13, 15, 17, 18, 20, 24)
- Assumption of liability (Articles 8, 10, 11, 12, 16, 18, 20, 24)

- Methods of service provision (Articles 17, 18, 19)
- Exclusive territorial jurisdiction (Article 23)
- Processing of personal data (Article 28)
